£20 ALL IN

4 Nations Golf Competition

Saturday 26th September - Shotgun start @ 1pm

Sign up on IG from 21st August

Includes Celebratory meal after the competition

Retiring Director

Terry Austin, who has been Lilleshall Hall Golf Club Finance Director for 23 years retired at the AGM on 13th August. During that time, Terry has made an enormous contribution to the work that we do to sustain this golf club, and to make it as successful as it is.

Terry has provided timely and quality financial information to the old General Committee, and more recently to the Board of Directors. His financial forecasting has proved very effective in enabling the club to make many important decisions over the years.

There have been times, certainly over the past 10 years, where the club has had to make difficult decisions because of circumstances outside our control – the Covid period is a good example – leaving the club in challenging financial positions as a result. But we have got through them, and it is significantly down to Terry that we have done this. On behalf of the membership, and our personal gratitude, the board would like to say thank you to Terry for his exceptional contribution over so many years.

New Directors

Matt Ross is the new Finance Director, and the Board is encouraged that Terry has offered to support Matt for as long as he would like.

Matt also enjoyed a Hole in one on the 16 green in the Stableford competition on the 22nd August. Well done Matt on both accounts

Arthur White is the new Facilities Director.

Arthur has been an active member of the Competitions & handicap committee and he is also active in the mixed section of the club.
